The time period for reply, if any, is set in the attached communication.

Office Action Summary	Application No. 10/522,487	Applicant(s) MACHICOANE, THIERRY	
	Examiner BRIAN EPSTEIN	Art Unit 3628	

-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 1 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Status of the Claims

1. Claims 1-19 were previously pending in this application. Claims 1-19 were canceled and claims 20-39 were newly added in the reply filed January 12, 2009. This application was abandoned on August 29, 2008 but was granted revival by the office of petitions on January 30, 2009. Therefore claims 20-39 are currently pending in this application.

Election/Restrictions

2. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 20-28, drawn to a terminal for transferring location information of the terminal to a users device to allow a user to return to the terminal.

Group II, claim(s) 29-33 and 34-39, drawn to a terminal and a system for transferring location information of a second terminal from a first terminal to a users device to allow a user to travel from the first terminal location to the second terminal location.

3. The inventions listed as Groups I do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The invention I only requires a single terminal used for providing directional information to a users device to allow the user to return/find the terminal. The inventive concept is merely an apparatus for allowing a device carrying individual to find a terminal. Invention II requires a second terminal and the inventive concept is appropriate for allowing a person to travel from a first terminal location to a second terminal location via transferring an identifier of the second terminal to the first terminal to allow the first terminal to determine an appropriate direction to provide to user to allow user to travel to the second terminal.

Art Unit: 3628

4. A telephone call was made to Mr. Greg Antrim on April 21, 2009 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.

Conclusion

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to BRIAN EPSTEIN whose telephone number is (571)270-5389. The examiner can normally be reached on Monday-Thursday 7:30am-6:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John W. Hayes can be reached on 571-272-6708. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
